

Vet Student Loans LLN Policy

When enrolling into our Diploma courses and a student is utilising the Vet Student Loan offered by the Australia Government, they must either provide a copy of their year 12 certificate, a certificate of education or a Certificate IV or higher qualification in any subject. If none of these can be provided, the applying student must complete the vet Student Loans approved LLN online. This LLN is through the LLN Robot system that Katrinas School of Hair and Beauty have licenced for their students.

The student must provide an email address and their full name which will then be entered into the LLN Robot system and a link to the test will then be sent out to them.

Once the student has completed the LLN, the results will become available to Katrinas School of Hair and Beauty staff.

Student must not get any lower than 13 out of 15 in each area, numeracy and literacy. Students must be at an ACSF level 3 to be eligible for the Vet Student Loan. Student will be provided with their results as soon as this is completed. If successful, we can then proceed with the enrolment process.
